THE HUSTONVILLE FAIR A GRAND SUCCESS IN EVERY PARTICU-

BIG CROWDS, FINE WEATHER, SWEET MUSIC AND PRETTY WOMEN.

The Hustonville fair, which closes today, has been a success in every way. The show of stock exceeded even the fine display of last year while the crowds have been considerably larger. There has been no hitch or misunderstanding whatever and everything has passed off like clot's work, thus conclusively proving that the officers selected were the right ones in every respect. The hospitality for which our West Eed friends are so well known has been even more clearly evinced, while their reputation for giving the best fair in the country has long since been established. President James P. Harper, Secretary W. D. Hocker, Assistant Secretary C. W. Adams, Treasurer J. H. Hocker and the various vice presidents and directors have been untiring in their attention to the crowd in general while their cleverness to the horsemen, who are there by the score, has made them money and lasting friends. The DAILY INTERIOR JOURNAL has overed the ground so thoroughly that we will not go into further details al out the most successful fair ever held in Lincoln. NARROW ESCAPE.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God, I am sayed, and now a well and healthy woman." Trial bottles free at Penny's Drug Store. Regular size 50c and \$1.00. Guaranteed or price refunded.

THE democratic nominees selected Senator Blackburn chairman of the campaign committee at their meeting in Frankfort Tuesday, with Gov. Mc-Creary and Dr. Clardy members from the State-at-Large and two from each is to be maugurated in two weeks in a big meeting to be held, perhaps in Mayfield, and from that time on the democrats will force the fighting. Each county will be organized by school districts, and it will be the most perfect organization ever known in Kentucky. The following will compile the campaign book to be issued in a few weeks; J. C. S. Blackburn, chairman; William Grayot, William Cromwell, Pat Mc-Donald and Robert Franklin. Senator Blackburn says he is hot for the fray and intends to handle the bolters without gloves. He will make the most earnest and active campaign of his life

THE bolters held a meeting at Lididate for temporary chairman, as its principal speaker, and he, if possible. made a bigger ass of himself than usual. He raved and tore his shirt in his denunciation of Goebei and fairly made the gallery gods go wild with delight when he said that if Stone should shoot Goebel he would aim at his head, instead of his coat of mail. The Rev. Coleman, who opened the democratic convention with prayer and who afterwards had a fight with a policeman, attempted to speak, and was advised by an irreverent hearer to "give 'em h-l," but retired after saying, "I can't, they have h-l aiready." Resolutions denouncing Goebel and the policeman's convention and favoring a third ticket were adopted and the squealers lifted themselves out of the hall by the seats of their breeches and hunted their holes in the slums.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on blood and mucous surfaces of the system.
